CREAM

A Natural Way to Heal the Burn

A Burns are tissue damage that results from heat, overexposure to the sun or other radiation, or chemical or electrical contact. Most people can recover from burns without serious health consequences, depending on the cause and degree of injury. More serious burns require emergency medical care to prevent complications. The treatment of burns depends on the location and severity of the damage.

Alocool Cream is uniquely formulated to provide healing of skin, relief of pain and prevents infection associated with minor burns, minor cuts, and scar. Alovera soothes skin, accelerate the healing process of burns & Scar. Gulab & Sariva relieves burning sensation & reduces skin redness. Sal tree increases wound healing because of its astringent property. Due to antiseptic property of turmeric makes healing fast & decreases burn scar. Mandookparni enhances burn healing rate and promote skin health.
