IMPORTANCE OF FACE

Your face is the one picture that says the thousand words. The face is one of our most important possessions. A person's personality is judged mostly on the basis of their face. Also, face is one of the most delicate parts of the human body as well. Therefore, people care for their face the most.

Nothing compliments a person's appearance more than their face, its essential to take good care of the face to make heads turn. But how can you make a good impression when you have scars or acnes on your face often.

Why TeenCleen?

TeenCleen will help you get rid of scars and acnes permanently. It can help you in getting a fairer skin that in a natural way. If you have any problems related to acne and scars than the reason to use this gel is that it's made of such natural ingredients that are known to have best medicinal and curing benefits since ancient age.

- LODRA- helpful Ayurvedic herb with antimicrobial properties is used for healing various skin problems and removes scars, nourishes the skin and benefits in acne.
- Vacha and Manjistha- Help to control blemishes as well as clear marks and improve complexion.
- Dhanyak -Protects cell from free radical due to its antioxidant property, thus delaying the ageing process.
- Daruharidra-Acts as an anti-bacterial and reduces inflammation on skin.
- Aloe vera- Repairs dead skin cells and maintains skin moisture in turn prevents itching caused due to acne.

TeenCleen Gel reduces skin darkening, scars and improves uneven skin tone and complexion.

Instructions: Apply it twice after cleaning your face properly for desired results or as directed by the physician.
